

CAPT. T. T. HEDGER, OF SCOTT COUNTY.

The announcement of this splendid democrat and excellent gentleman as a candidate for commissioner of agriculture, subject to the democratic primary to be held May 9th, next, was received with delight by his friends all over the State, who recognize in him an ideal man for the position, being a practical farmer and a most successful one. The office was created for the benefit of the farmers and it is but fair and just that one of their number who knows their needs and who is in touch with them, should have the office. Capt. Hedger, in every way fills the bill and would make the office of inestimable value to those for whom it was intended. As to Capt. Hedger's democracy there will be no question. He has been a wheel-horse in the party and has served it most faithfully. As commit-

tee-man from this Congressional district he has at all times been vigilant and striven to advance the best interest of the party and has acted with an eye single to its upbuilding. The only office he ever asked for before was that of sheriff, which was given to him for two terms practically unanimously by his admiring constituency. He filed the office with great credit to himself and satisfaction to the people and his record is an earnest of what may be expected of him should he be elected to the office he seeks. The Democrats take pleasure in bearing testimony to Capt. Hedger's fitness and ability and in presenting his claims to the democrats of the State, and asking a fair consideration of them, feeling when that is done, their support is assured.—Lexington Democrat.

NEWS NOTES.

Hazard has a small-pox scare. Two fat hands were frozen to death in New Jersey. Allen B. Redds, of Lexington, won in the intercollegiate declamatory contest at Lexington. Twenty-one \$10 gold pieces were found in a log at a saw-mill in Auburn. During the calendar year 1902 the colicage at the mine of the country averaged \$79 455.815. Several new cases of small-pox are reported from Canton, but all serious cases are out of danger. The total eclipse of the sun on September 29 next will be visible from the Antarctic continent. Those who want to observe should start now. The Negro suburb of Clayville has filed a petition to the Bourbon Circuit Court asking that the place be established as a town, with authority to elect a police judge, marshal, assessor and trustees. William Paul, the leading barytone of the Castle Square Opera Company, and a singer of considerable reputation, was killed in St. Louis by a fall from a window in the sixth story of a hotel.

THE AX of toughest steel becomes dulled by constant use and must have a new edge if it is to do good work. Constant work dulls a man as it does an ax, makes him sluggish of body and dull of mind. He needs a tonic, something that will restore the keenness of mind and activity of body. Dr. Pierce's Golden Medical Discovery puts new life into weak, worn-out, run-down men and women. It strengthens the weak stomach, purifies the blood, and effectively stimulates the liver. The whole body is built up with sound, solid flesh by the use of "Golden Medical Discovery."

"I was confined to my bed for four months from January 1st, 1899, and commenced to take your medicine January 20th, 1899," writes Mrs. Sallie L. Sheppard, of Poplar bluff, Mo. "I took eight bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favonite Prescription,' two vials of 'Pleasant Pellets,' and one bottle of 'Doctor Pierce's Compound Extract of Sarsaparilla,' and as a result, indigestion, obstinate constipation, and hardening of the liver was my trouble. I am at this time able to do almost any kind of house work. Your medicine saved me from my grave. Thanks to you for the benefit. My case was hopeless when I began taking your medicine."

Don't be fooled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery," is a shadow of that medicine. There are cures behind every claim made for the "Discovery," which no "just as good" medicine can show. Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

He believes that Mr. Shepard's premier trotter, Senator L., should be a 2:05 trotter instead of a 2:09 one.—Kentucky Farmer.

Competent judges pronounce a recent shipment and sale of a car of mules by L. W. Hudson, of the "Brady Union Stock Yards," to J. J. Cummings & Co. of Hiceston, Ga., the best in the history of Atlanta. The load averaged \$25 each, topped with a span at \$500.—News.

Expected Company.

I had been traveling a Kentucky highway all day, and was footsore and weary when I came upon a fair-looking log house by the roadside and halted to ask the man seated in the door if I could get quarters for the night. "Yes, I reckon I might put yo' up," he replied, "but I'm rather expectin' company to-night, and I wouldn't say that yo' won't be disturbed."

"I don't think they will disturb me any," I said.

"I hope not, but it'll be old man Johnson. He's down on me 'bout a hawg deal, and he says he's comin' over to-night to do some shootin'." Yo' nedd'n't mix let ye' know."

"Can't you settle things without shootin'?"

"Don't hardly reckon we can. When I'm through with old man Johnson I shall sorter 'spect Ted Davis. Ted and me don't get along, and I heard to-day that he was gwine to come over and have a pop at me. You'll probably be in bed asleep, and there won't be nuthin' to disturb yo'."

"Doesn't the matter allow of argument?" I asked.

"Not an argue," he replied. "Ted's sot and I'm sot. Nebbe he won't come, however, but I'm purty earlin' Joe Wheeler will show up."

"Is Mr. Wheeler looking for trouble?"

"Well, not 'zactly, though there may be trouble. Joe is Sheriff, yo' know, and I broke out of his jail last week, and he wants inn back. Good feller, Joe is, and I'd like to oblige him, but if he comes after me there'll be a fuss and somebody'll get hurt. However, come right in stranger—come right in and make yo' self to home and I'll do the best I can for yo'."—Exchange.

A flourishing Woman's Christian Temperance Union has been organized at Paint Lick with Mrs. Ernest Woods as president, Miss Bettie Francis, vice president and Mrs. Young, treasurer. A club of young maidens and a few "bachelor maids" was organized at the home of Mrs. S. C. Denny. The second meeting was held at Mrs. F. P. Frisbie's, when the new organization was named the "B. B. Club." Erasmus Bettie, who was taken to the E. L. Asylum three months ago, died at that institution Friday and the body was brought here for interment. He had been in ill health from consumption for several years. He was about 40 years old and leaves a wife and one child.

Information was received here of the death of Mrs. Mattie Hopper at Charleston, West Va., where she has resided since leaving this place about 15 years ago. She was the widow of Wm. Hopper, once a prominent lawyer here, and was about 63 years of age. She leaves three daughters and two sons, and was formerly a Miss Stodghill, of Danville, where the body was taken for burial. Eld. A. R. Moore of the Christian church, tendered his resignation to that membership Sunday morning to take effect the 15 of March. He has been the pastor of that organization for two and one-half years, coming here from Memphis, and has served his people to a most satisfactory and effectual way. VERMONT, after a trial of 50 years, has abandoned the attempt to prohibit the sale of intoxicating liquors and has substituted local option. The action is in line with that of other States. The total prohibition of the liquor traffic is now recognized to be impracticable, if not impossible. Prohibition is, as Gen. Hancock thought of the tariff, a local question. Men and women who believe—and with reason—that alcohol is a curse to humanity have labored long and earnestly to save people from themselves, but, as is the history of all such attempts, they have been compelled to confess failure. They are now about ready to admit that the remedy for the drink evil is to be found not in prohibitory legislation but in education and public sentiment. It may well be doubted whether men will abandon the use of alcoholic beverages altogether, but there is good reason to hope that the time is not far distant when the use of such beverages will be so restricted and so moderate as to constitute practically no menace to humanity. Men are seeing for themselves the physical and moral evils attendant upon excess, and with this realization the triumph of true temperance becomes assured.

CAPT. HOBSON'S resignation has been accepted by the secretary of the navy and he is free to osculate and orate to his heart's content. The fact that the blowing up of the Merrimac was one of the most useless and most farcical performances of the Spanish war, does not detract in the least from his fame as a daring and fearless sailor, willing to risk his life for his country, and an admiring public will always regard him as a hero and worship him as such.

WM. JENNINGS BRYAN doesn't love Grover Cleveland, and he makes it a point to keep his distance from him. While in Chicago the other day he learned that the Iroquois Club had planned a banquet to which Mr. Cleveland, himself and other democratic leaders were to be invited. Mr. Bryan asked that his name be stricken from the list, asking: "What need is there of inviting any one else to a banquet at which Grover Cleveland is to be present?"

THE republican leaders in the Senate held another conference in the hope of devising means for ending the debate on the Statehood Bill. They are still of the opinion that the only possible compromise measure is one providing for the admission of two States made up from the four territories under discussion.

Republican leaders in the Senate have informed the President that it is useless to press the ratification of the Alaskan boundary treaty on account of the strong opposition in the Northwest.

The House by unanimous vote, 245 to 0, passed the Anti-trust Bill. A number of amendments were offered by the democrats to "put teeth" in the bill, but all were voted down. Near the close of the debate there was a short passage at arms between Mr. Littlefield and Mr. DeArmond.

IN the county court yesterday the wills of Miss Margaret Bywaters, Mr. Terry Goode and Robert Harris were probated. The first named left all of her property to her sister, Mrs. R. E. Garner; the latter divided his household and kitchen furniture to his two daughters, but made no disposal of his farm, and Harris, who is colored, left his all to his wife.

THE Louisville Post of Saturday contained a good picture of the writer's cousin, Mr. Thomas E. Walton, of Winchester, who stands six feet, eight inches in his bare feet. He bears the distinction of being the tallest man in Kentucky. Mr. Walton was born in Louisa county, Va., and is a brother of Mr. J. Frank Walton, who married Miss May Helm of this place. It was told of Mr. Walton many years ago, that a stranger, impressed with his height, looked up at him and asked, "how is the weather up your way?" Mr. Walton let go a little tobacco juice on the fellow and answered, "It's raining up here."

PAINT LICK.—The writer spent several hours in the thriving town of Paint Lick Friday afternoon and he is more than ever impressed with the fact that it is one of the best business points in the State, size of course, considered. The merchants, who carry regular city stocks, are always busy. Burnam & Rucker's big flouring mill runs from daylight till dark, the Peoples' Bank enjoys a big deposit and heavy loans, two livery stables do a thriving business, while the Veranda Hotel, now in charge of Mr. Ike Arnold, the cleverest kind of a gentleman, is always crowded. Paint Lick is a good town in a good section of country and if there's a business man in the place who is not prospering there is no evidence of it. Joe E. Nevins, of Stanford, is miller for Burnam & Rucker and he is making flour that there is always a demand for. His employers are greatly pleased with him and Joe, like the rest of the Paint Lickers, thinks that his adopted town is about the only one on the map. Mrs. Pattie Engleman, who has sent us some new letters, has moved to her farm two miles from town, but this, we hope, will not cause her to give up writing for the "cheapest and best."

PLEASANT OCCASION.—Mr. and Mrs. Chas. Wheeler entertained a number of their friends Friday evening at their home in Hustonville, in a most enjoyable manner. An elegant dinner was served in the cheerful dining room, the table looking tempting in its immaculate linen, festooned with trailing green vines. A tall candelabra stood in the centre, throwing out soft pink light, while at each end stood vases of carnations with their sweet perfume. The ladies all looked lovely in their handsome costumes. Adjoining the parlors music was the order of the evening. Mrs. McCarty, of Mt. Salem, presided at the Zonophone, which gave some fine selections. Prof. Farris and his gifted wife assisted with songs and piano solos. Miss Minnie Dinwiddie sang a solo, little Catherine Mills recited, little Clara Farris sang and the host in his humorous way sang one of his funny songs, all ending with Home Sweet Home with everybody singing. It was a most enjoyable evening. Those present were: Rev. and Mrs. Mills, Prof. Farris and wife, Mr. and Mrs. Dinwiddie, Mr. and Mrs. Morse, Mr. and Mrs. Carpenter, Mr. and Mrs. Walter Greening, Misses Mattie and Minnie Dinwiddie, Clara Farris, Catherine Mills, Mrs. McCarty and Mrs. Johnson. FLINCH PARTY.—Miss Lucille Cooper gave a charming progressive flinch party Friday afternoon, at which there were some 20 of her lady friends. That evening gentlemen were invited and the interesting game continued. A delightful lunch was served in the evening.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctor's prescriptions do not perform the many cures they are given credit for."
"In consulting with my druggist he advised McEneaney's Wine of Cardui and Theodor's Black Draught, and as I took it and had every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."
Wine of Cardui is a regulator of the menstrual functions and is a most accurate, suppressant, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have \$1.00 bottles of Wine of Cardui.

MIDDLEBURG.

F. M. Sims is breaking soil for a corn crop.

Isabel Flannegan was in town Saturday on business.

The tie between the two candidates for circuit clerk is to be "untied" in another delegated convention as before.

B. K. Swipe is spreading fresh gravel on the pike from Middleburg to the Lincoln line. We like to have good roads for you Lincoln people when you come to see us.

Rev. J. Q. Montgomery preached at the Christian church Sunday morning and evening. The congregations were large as they always are when Bro. Montgomery is present.

Notwithstanding the inclement weather, there was quite a crowd present at the Baptist Sunday school Sunday morning. Supt. M. W. Jones is giving us an interesting school. A special invitation is extended to all to come and help us.

Keeney & McIntosh, the grocers of this place, will soon have to advertise for more room on which to stack their spokes until the free turnpikes dry out so they can get them to the railroad. Mrs. Clara Sharp, of Liberty, is visiting her father, William Miller, of this place.

At 4 P. M. on the evening of Feb. 3, Mr. George Rose and Miss Lula McIntosh were married at the home of the bride's aunt, Miss Florence Coulter, Square Thomas Benson officiating. Mr. Rose is a fine young man of prominent business ability. Mrs. Rose is a most attractive young lady. The union is sure to be a happy one.

It costs almost as much to be a candidate in Casey as it does in Texas. It is reported that the votes of some of the late republican committeemen cost \$50. However, our Middleburg man claimed the nomination, not by right of purchase but by the will and favor of Casey's citizens. If too much money gets to be current in the county, some of us "poor" democrats may have a chance at some of it.

The many friends of Albert Keeney, formerly of this place but now of San Francisco, Cal., will be sad to learn of his severe illness. Sometime ago he underwent a surgical operation. A tumor was taken from his neck and by so doing the jugular vein was severed. For some time he seemed to improve very fast, but a few days ago his father, Mr. W. P. Keeney, received a letter from him stating that another operation had to be performed, and expressed doubts of his being able to survive the strain it would be on his system. We extend our sympathies.

Misses Mima Swipe, Eva Sims and Blanche Elliott were visiting Miss Mary Lucas last week. C. R. McCormick will move to Hustonville in the near future. Mrs. Helen Carter, the ex post-master of Weymouth, is at home on a visit. Mr. William McIntosh has moved into the property vacated by Jeff Godbey. Mrs. Della Moran is visiting her parents, Mr. and Mrs. J. M. Lintbloom, at Glenn Valley, Ind. F. B. and L. W. Lucas were in Liberty Tuesday on business. Jason Taylor, of Burnside, is visiting friends here and at Liberty. Ed Sweeney passed through town on his way home Saturday morning. Several of the young ladies and gentlemen attended the social entertainment given by Miss Mary Lucas Saturday evening. They report a very pleasant time. All enjoyed themselves extremely well.

Tendency of the Times.

The tendency of medical science is to ward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. He on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by Craig & Hocker.

WAYNESBURG.

Mr. Hicks is at home from his mill at Cumberland Falls.

The plating mill seems to be getting along as fast as circumstances and bad weather will allow.

"Dutch" and "Bud" Gooch are talking of building an addition to their store and putting in dry goods with their grocery stock.

J. M. Johnson gets as much produce as he can attend to it seems. From the amount of eggs that are brought in one would hardly think there were here enough in the country to lay so many.

Lincoln's Wit Won.

When Joseph Jefferson, the famous American actor, was a boy, says the Kansas City Journal, he used to tramp from town to town in the United States as a small member of his father's traveling company. They once struck the town of Springfield, Ill., at a time when a great religious revival was in full swing. In the hope of preventing any play-acting at such a period the town council demanded a heavy fee for permission. This was a serious matter for the strollers, who had to earn their daily bread, and a local lawyer took up their case out of good will. So persuasively did he plead that the fee was not insisted on and the performance took place. The lawyer, whose wit and humor served the players so well, afterward became President of his native country, and is known to fame as Abraham Lincoln.

A Mother's Recommendation.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. Darwin is the authority for the statement that the Audean natives perform twice the work of ordinary laborers and subsist almost entirely on a diet of bananas.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by Craig & Hocker.
